

CAN H. TARTANOGLU

SENIOR SOFTWARE ENGINEER | PH.D. CANDIDATE

+49 176 64782175 | Berlin, Germany | caniko@tutanota.com | LinkedIn | GitHub

PROFESSIONAL OVERVIEW

Software engineer and Ph.D. candidate (Charité) with 10+ years across blockchain analytics, neuroscience, info-sec cybersecurity, and game development. Core stack: Nix; Go; Python; Rust. Track record in full-stack systems design, DevOps, and open-source contributions.

EDUCATION

Ph.D. Candidate | DZNE / Charité | Berlin, Germany *Aug 2020 – Present*
Thesis: “SynDB: Federated data platform for high-resolution microscopy data”
M.Sc. in Physiology | University of Oslo | Oslo, Norway *July 2017 – Dec 2019*
Thesis: “Markerless 3D tracking and reconstruction of subjects with multiple stereo cameras”

WORK EXPERIENCE

Indie Game Developer | Self Employed, Remote *Nov 2024 – Present*

- Kingpin: Multi-platform card game shipping to Web, Steam, and Web3
- Chessbender: Chess and Xiangqi-inspired strategy game, shipping to Steam 2026 Q2

Senior Software Engineer - Lead | Clovr Labs, Remote *Aug 2023 – Present*

- Promoted to leading Solana analytics; a greenfield research and development project
- Built and shipped multiple Bitcoin analytics backends powering scoremycrypto.com
- Rewrote critical parts of the ETL pipeline, ensuring higher data reliability

FOSS Project Author (Volunteer) | Open Source, Oslo *May 2018 – Present*

- Published research and personal tools as open-source libraries on GitHub
- Notable: pydantic-numpy (NumPy serialization for Pydantic), kamebevy (P2P networking crate for games)

Software Engineer and Researcher | Haberl Laboratory, Berlin *Aug 2020 – Aug 2023*

- Led the Synapse DB project end-to-end: infrastructure, full-stack design, and implementation
- Delivered automated behavior analysis tooling adopted by 3 concurrent Ph.D. projects
- Mentored junior engineers and interns

Software Engineer | Mnemonic, Oslo *May 2020 – Aug 2020*

- Co-founded the info-sec tooling team
- Delivered security metrics tooling serving both internal teams and clients

SKILLS

Python	Go	Rust	Nix
TypeScript	Svelte	SQL	LaTeX
Linux / NixOS	Kubernetes	IaC / OpenTofu	Agentic Coding

LANGUAGES

English (fluent)	Norwegian (fluent)	Turkish (proficient)
